FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. Texas Labor Code §408.027, effective September 1, 2007, sets out the rules for timely submission of a claim by a health care provider.
2. 28 Texas Administrative Code §133.20, effective January 29, 2009, 34 *Texas Register* 430, sets out the procedure for healthcare providers submitting medical bills.
3. 28 Texas Administrative Code §102.4(h), effective May 1, 2005, sets out rules to determine when written documentation was sent.
4. The services in dispute were reduced / denied by the respondent with the following reason codes:

- 29-The time limit for filing claim/bill has expired.

Issues

Did the requestor support position that the disputed bills were submitted timely?

Findings

According to the explanation of benefits, the respondent denied reimbursement for the services in dispute based upon reason codes "29-The time limit for filing claim/bill has expired."

Texas Labor Code §408.027(a) states, "A health care provider shall submit a claim for payment to the insurance carrier not later than the 95th day after the date on which the health care services are provided to the injured employee. Failure by the health care provider to timely submit a claim for payment constitutes a forfeiture of the provider's right to reimbursement for that claim for payment."

28 Texas Administrative Code §102.4(h), states, "Unless the great weight of evidence indicates otherwise, written communications shall be deemed to have been sent on: (1) the date received, if sent by fax, personal delivery or electronic transmission or, (2) the date postmarked if sent by mail via United States Postal Service regular mail, or, if the postmark date is unavailable, the later of the signature date on the written communication or the date it was received minus five days. If the date received minus five days is a Sunday or legal holiday, the date deemed sent shall be the next previous day which is not a Sunday or legal holiday." A review of the submitted documentation does not contain any evidence such as a fax, personal delivery, electronic transmission, or certified green cards to support the bill was sent to the respondent within the 95 day deadline.

The Division finds that the requestor did not sufficiently support position that the disputed bills were submitted timely in accordance with Texas Labor Code §408.027(a). As a result, reimbursement is not recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
